WHITEBOARD ENAMEL SOFTLINE PROFILE

The classic from our range! This board is provided with a white enamelled steel writing surface and is thus suitable for very intensive and long-term use. The board is magnet attachable, can be written on and is dry erasable. It has an aluminium anodised Softline profile finished with grey synthetic corner pieces. You can affix the board to the wall both vertically and horizontally; the necessary mounting materials ('mirror suspension') and pen tray are supplied inclusive.
Recommended accessories: Universal Starter Kit (see page 21).

WHITEBOARD ENAMEL DESIGN PROFILE

If you would like more charisma in your office, then this whiteboard from white enamelled steel with design profile is the perfect choice. With this 'Design' profile especially designed for Smit Visual Supplies, you distinguish yourselves from all other alternatives. The optional colour strip available (see page 10) gives you an additional accent to the board. It is suitable for very intensive and long-lasting use, and is magnet attachable, can be written on and is dry erasable. The necessary assembly materials ('omega-suspension') and pen tray are supplied with the board. Recommended accessories: Universal Starter Kit (see page 21).
